

### 1. Elektryczna Paka (Electric Box)

**HUSSARIA Sp. z o.o.**

The world's first equestrian electric box that eliminates physical effort while providing exceptional comfort of use. The box is equipped with large wheels and wide tires for maximum mobility and smooth movements on any surface. Every rider can easily operate the box thanks to the intuitive control panel. A properly designed interior allows for optimal arrangement of riding equipment.

### 2. Ozone Hydrotherapy System for Horses – Transparent Boots

**OZONE HORSE**

A new model of transparent ozone shoes, allowing for extended diagnosis of damaged areas of legs and hooves during ozone treatment.
